

spectrum software micro cap 12 revisions - news spectrum software has released micro cap 12 the twelfth generation of our spice circuit simulator for users of previous micro cap versions check out the new features available in the latest version for those of you who are new to micro cap take our features tour to see what micro cap has to offer, **about spectrum software and micro cap** - spectrum software was founded in february of 1980 to provide software for personal computers initially the company concentrated on providing software for apple ii systems, **user guide national cheng kung university** - comments send comments on the documentation by going to <http://solvnet.synopsys.com> then clicking enter a call to the support center design compiler, **intel arria 10 core fabric and general purpose i os handbook** - the logic array block lab is composed of basic building blocks known as adaptive logic modules alms you can configure the labs to implement logic functions arithmetic functions and register functions, **intel stratix 10 device datasheet** - the suffix after the speed grade denotes the power options offered in intel stratix 10 devices v smartvid with standard static power 1.085 v fixed voltage with low static power, **xcircuit schematic capture tutorial page circuit design** - table of contents getting started task1 acquaint yourself with xcircuit task2 run the program task3 drawing a circuit for spice simulation task4 introduction to parameters task5 virtual library instances task6 drawing a circuit with parameters task7 parameter tricks task8 making a new fundamental object task9 a schematic with symbol less schematics in the hierarchy
